dankeil2003@gmail.com

Objective Summary

Seeking a position that enables the candidate to apply existing skills, gain valuable experience, and advance toward long-term professional goals. Demonstrates a strong desire to expand expertise and contribute meaningfully within a dynamic, diverse, and growth-oriented work environment.

Work Experience

Customer Service

Dubai Opera by Emaar

- Verified tickets, scanned passes, and guided guests to designated seating areas in an efficient and orderly manner.
- Delivered courteous assistance, addressed inquiries, and ensured a positive and comfortable experience for all attendees.
- Monitored crowd flow, upheld venue policies, and assisted in implementing safety and emergency procedures.

Digital Media Marketing Intern

Banke International Properties

- Drafted and designed professional email campaigns targeted at investors, ensuring clarity, accuracy, and alignment with corporate messaging.
- Developed and maintained responsive web pages using Elementor on WordPress, enhancing user experience and visual consistency.
- Produced high-quality graphic assets for digital marketing, presentations, and brand communications, adhering to established brand standards.

Dubai Esports and Games Festival Admin

Gamers Hub Media Events

- Oversaw match coordination, enforced competitive rules, moderated gameplay, and ensured accurate result reporting.
- Managed equipment setup, resolved technical issues, and maintained stable network infrastructure.
- Facilitated player registration, maintained scheduling logistics, and ensured clear communication across teams and event staff.

SAG Shipping Front End Web Designer

SAG Logistics Services LLC

- Developed responsive, user-centric web interfaces for shipment tracking, booking, and customer account management.
- Maintained consistent visual branding across all digital platforms to enhance corporate identity.
- Partnered with development, logistics, and marketing teams to implement updates, resolve UI issues, and optimize user experience.

Academic History

Junior High Graduate

The Philippine School - Dubai

- Recognized as an Academic Awardee, achieving Bronze Medalist status for outstanding scholastic performance.
- Spearheaded a research project focused on investigating the “Effects of Language Barriers on Students’ Academic Performance” at The Philippine School Dubai, demonstrating leadership and analytical skills.

Senior High Graduate - STEM Track

FEU Roosevelt Rodriguez - Rizal, Philippines

- Graduated with High Honors, receiving recognition as an Academic Awardee for exceptional academic performance.
- Distinguished as the recipient of the Best in Research award for conducting an insightful study on the Physical Fitness Level in Relation to Fitness Club Members’ Academic Achievement at FEU Roosevelt Rodriguez, showcasing research prowess and analytical abilities.

University Student

BSc in Creative Computing

- Currently pursuing a Bachelor of Science degree in Creative Computing at Bath Spa University, focusing on innovative applications of technology and creativity.
